IFDC has held more than 700 workshops, study tours, and training programs for over 11,000 participants from over 150 countries since 1974. The programs have covered a wide range of subjects including integrated soil fertility management and fertilizer use efficiency, fertilizer production technology, agro-input dealership, competitive marketing, supply chain management, investment analysis, policy reforms and numerous specialized topics.

Please visit our website at www.ifdc.org for additional information, updates, and registration forms for our 2015 Training Program Calendar. We welcome your participation and encourage you to share this information with others.

IFDC reserves the right to cancel any program or change the dates and/or venue of any program without liability for compensation.
